Reception Period: June 17, 2026 – June 25, 2026, all day

Request for Data Submission

Please also refer to the above "Guidelines for Creating Submission Data."

> [Instructions for creating print-ready data can be found here.](#)

① Please submit your data in PDF format.

- If you submit PowerPoint data, there may be text misalignment or errors.

② Printing will be done in a size of 841mm width × 1,189mm height.

- In principle, we do not perform editing or proofreading.
- We will adjust the provided data to 841mm × 1,189mm and print it.
- A 5mm margin will be automatically adjusted on all four sides of the rectangle.

③ Please name the file as "Presentation Number_Name".

- To prevent data mix-up and to match the layout location during posting work, we appreciate your cooperation.
- If the "Presentation Number" is not included, the posting work cannot be performed. Please understand that this is a required field.
